IN OUR NATURE

The mercury is rising. The glaciers are melting. With climate change getting all too real for comfort, we invite you to contemplate: What's truly in our nature — as humans, as writers and readers, as global citizens — navigating the world we live in?

LOOK FORWARD TO...

More than
200
PROGRAMMES

Over
300 PRESENTERS
including
40 INTERNATIONAL
AUTHORS

Festival Closing Debate:
**THIS HOUSE BELIEVES
